EDUCATION

Bachelor's degree in Information Technology
Chennai Institute of Technology, Chennai, Tamil Nadu

CGPA-9.07
(2023-2027)

INTERNSHIP EXPERIENCE

InternPe - Web development Intern

(May 2024 -June 2024)

- Created functional web applications, such as a calculator and to-do list, using HTML, CSS, and JavaScript during the web development internship at InternPe.
- Gained hands-on experience in building responsive user interfaces, improving design layouts,

Fantasy Solution - Fullstack development Intern (Nov 2024 – Jan 2025)

- Developed a basic e-commerce website using HTML, CSS, JavaScript,nodejs,mysql during the internship at Fantasy Solution Trichy.
- Focused on creating user-friendly layouts and responsive designs for better user interaction.

CVRDE – Artificial Intelligence Intern

(May 2025-June 2025)

- Built an AI-based Resume Analyzer using Python and Streamlit to evaluate resumes against multiple job roles and suggest improvements.
- Developed a Face Emotion Recognition system using OpenCV and CNN to detect and classify emotions in real time.

PROJECTS

E-Commerce Website -Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MySQL

- Built a responsive user interface using HTML, CSS, and JavaScript.
- Developed backend using Node.js and Express.js to handle APIs and user requests.
- Integrated MySQL database for storing products and user data.
- Implemented product listing, navigation, and basic user interactions.

AI Resume Analyzer - Tech Stack: Python, Streamlit, NLP, scikit-learn

- Developed a Streamlit-based tool using NLP to analyze resumes and match skills with roles like Data Scientist & Web Developer.
- Provided real-time feedback with keyword suggestions, skill gap analysis, and job-fit scoring

Face Emotion Recognition System - Tech Stack: Python, OpenCV, CNN, Deep Learning

- Built a real-time webcam-based emotion detector using CNN to classify emotions like happy, sad, angry, and neutral.
- Added features like age/gender prediction (OpenCV DNN) and sound alerts for critical emotions.

SKILLS

- Programming languages:** Java, JavaScript, C++, C
- Frontend & Design:** HTML, CSS , React js
- Backend Technologies:**Node js ,Express js
- Database Management and tools:** MySQL
- Developer Tools:** Git , Github , VS Code
- Core Subjects:** OS , CN ,DBMS , OOPS

CERTIFICATIONS

- Networking essentials - Cisco
- Introduction to cybersecurity – Cisco
- Cybersecurity essentials-Cisco
- IOT – NPTEL
- Programming in java - NPTEL
- Algorithmic Toolbox -Coursera
- Algorithm on graphs – Coursera
- Algorithm on strings – Coursera
- Data Structure – Coursera
- Introduction to database systems- NPTEL

COMPETITIVE PROGRAMMING PROFILE

- Leetcode:** Secured contest rating of 1626 at the top 19.83% globally and solved 400 + problems as of 2026
- Codechef:** Secured contest rating of 872 with consistent improvement and active participation and solved 700+ problems as of 2026
- Skillrack:** Solved 200+ problems in skillrack
